## at Saint John the Baptist Catholic School

*Do you want a school that cares about your child and their individual skills and talents? Here at Saint John the Baptist, we pride ourselves in looking after each child in a setting that is caring, thoughtful, and focused on the growth of the whole child. We reinforce family values that are not deterred or intimidated by worldly pressures. We believe that all of our children are created by God and we celebrate their uniqueness and creativity in a loving setting. We welcome you to visit and tour our wonderful facility.*

**-Principal Mitch Dorr**

### **PRESCHOOL**

Our preschool program, for three and four year-olds, reflects best practices, which promote creativity, exploration, socialization, literacy, mathematics and inquiry. Children will have the opportunity to develop relationships with teachers and peers, while exploring a wide variety of open-ended materials. The program emphasizes concrete experience (e.g., block construction, cooking, dramatic play) as vehicles for learning. Thus, play is at the heart of our curriculum and we value its contributions to early learning.

### **KINDERGARTEN READINESS**

Our K-Readiness Play Based class, for older four, and early five year-olds, promotes enthusiastic lifelong learning through a hands on and explorative learning approach that is stimulating, encouraging, supportive, educational, and fun. Through activities that promote creativity, exploration, socialization, literacy, and mathematics, this class creates a seamless transition to kindergarten. Our curriculum assessment tools align with the MN standards in all areas of development. Our teachers monitor children's progress and development throughout the year.

Five, three, and two full and half day options available.
